JHS, JBC Finalize Articulation

JHS and JBC staff are pictured finalizing details of the agreement.

Officials at JBC and Jamestown High School (JHS) recently finalized an articulation agreement designed to assist business students as they proceed to post-secondary education. As part of the agreement, certain JHS accounting courses can be considered for college credits at JBC.

Associate Academic Dean, Gretchen Lindell, said that she was pleased at the extended partnership between the two schools.

"This agreement allows interested students the opportunity to get ahead as they consider their futures."

JHS Business Teacher, Kim Sutter, added: "This will be beneficial for both JBC and for our high school students. It is a great opportunity for high school students to earn college credit before even graduating from high school."

Options for Your Students!

Since the launch of our Bachelor degree program in December 2007, the program has more than quadrupled in size! Several of our BBA graduates have already entered into MBA programs...
