▶ What is a Bi-folkal Kit?

A

Bi-folkal kit is a packaged program designed to bring back memories on a particular time or topic. Each kit is designed to unlock remarkable stories, humorous anecdotes, and first-person accounts of history, experience or life.

Bi-folkal—comes from the folk tradition of handing down stories. The kits have two focuses, remembering and sharing; thus, “bi-folkal”.

Bi-folkal kits provide captivating, informing and stimulating activities for older adults. Focusing on reminiscence, remembering and reflecting, the kits can be used with any group of older adults or with mixed-age groups.

- * Kits may be checked out for three weeks, with one renewal (if not on a waiting list).
- * Kits may be requested and returned to any public library at the circulation desk (no book drop returns, please).
- * Kits are listed in the System Online catalog, search ‘bi-folkal’.
